

EFFISUS 2ADJOIN DF TAPE

DESCRIPTION

A double sided airtight and moisture resistant sealing tape.
 Suitable for fixing all of Effisus Ecofacade vapour checks and air-proofing membranes, PE/PA/PP and aluminium folis to metal studs.
 Suitable for windtight and moisture proof sealing of external membranes.
 For affixing membrane to metal sections in dry construction.
 For rain-proof taping of roof underlay.
 Quick and easy to apply using the Effisus 2Adjoin DX Hand Dispenser.
 With release paper.
