

EFFISUS STOPPER MR - TYPICAL APPLICATIONS

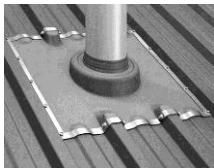

Tube or duct penetrations

Tube or duct penetrations without access from above

Penetrations with large / irregular dimensions

Penetrations that create barriers that stop waterflow

Electrical cable penetrations

Tube or cable penetrations for photovoltaic systems

Multiple cable penetrations

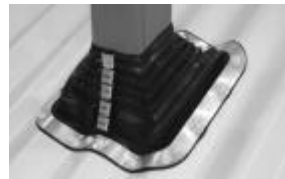

EFFISUS STOPPER MR - VARIANTS:

1. Effisus Stopper MR
For circular penetrations

2. Effisus Stopper MR Retrofit
For circular penetrations without access from above

3. Effisus Stopper MR Square
For square-shaped penetrations

4. Effisus Stopper MR Silicone
For penetrations with high temperatures

5. Effisus Stopper MR Selfseal
With no need for a sealant

6. Effisus Stopper MR Universal
For penetrations with large / irregular dimensions.
Doesn't create barriers that stop waterflow.

7. Effisus Stopper MR Tile
For roofs with tiles

8. Effisus Stopper MR Solar
For solar energy systems' cable penetrations.

GUARANTEED SEALING ON ANY METAL ROOF PROFILE:
